

MINERAL BATH SALTS with essential oils

MINERAL BATH SALTS rich in MAGNESIUM and essential oils:

- 11 Juniper
- 12 Lavender
- 13 Lemon
- 14 Rosemary
- 15 Thyme

Mineral salts from the salt lakes of Pomorie and Burgas, rich in magnesium, micro elements and essential oils.

Action: A nourishing and refreshing bath product. The mineral substances, micro elements and essential oils penetrate the skin and refresh and stimulate the body.

Application: Dilute the content of the packet in a bath tub with 80 – 100 liter water at 37- 40 °C temperature. Soak your body for 15 – 20 min and finish by rinsing with water.

Note: This is not a food additive.

Precautions: Children, pregnant women and people with super-sensitivity to essential oils should not use the product.

Storage: Store in cool and dry places, up to 25 °C. Protect against sun light.
