2. Sea Stars products for thalassotherapy and phytotherapy (products with herbal extracts)
3. Solilug & Sea Stars products for thalassotherapy

Thalassotherapy - the Black Sea lye mineralize the body

## Sea Stars & Solilug main active ingredients

- **Sea Stars products** - main active ingredients are both the unique Black Sea lye from the Pomorie and Burgas salt lakes in a combination with essential oil, or with extracts from the famous Bulgarian herbals, or with seaweed extract.
- **Solilug products**– main active ingredient is the unique Black Sea lye from the Pomorie and Burgas salt lakes.

## The stabilized Black Sea Iye is a:

- highly **mineralized (up to 350 g/l salts)** solution, rich in physiologically important minerals - all macrocomponents (including magnesium salts up to 295 g/l), a big variety of microelements and trace elements typical for the Black Sea water. Magnesium is an extremely important biogenic element, useful for the human organism, with a good influence on the bone, muscular and neural systems, hear, nails, etc.
- rich in biological composition - colloids, microalgae and biologically active substances typical for the microflora and microfauna of the Pomorie and Burgas salt lakes.

## How it works:

- **Sea Stars & Solilug** mineral substances, the microelements and the essential oils or herbal extracts penetrate the skin trough the pores, reach the neurons, the blood and lymphatic vessels, and act in a refreshing and stimulating way on the organism. They stimulate the protective reactions and the regenerative processes in tissues. The essential oils are emulsified in the product and the bath-tub water and fully react on body. They are easy to wash away from the bath.

## The essential oils

- **Juniper essential oil** - it regulates the body fluids, reduces the blood pressure and removes psychical fatigue
- **Lavender essential oil** - it possesses a soothing and relaxing effect and eases the nervous tension, decreases the blood pressure; prevent the retention of liquids in the body, adipose and cellulites.
- **Thyme essential oil** - it relives pains, stimulates the blood circulation, increases the pressure; strengthen the immune system of the body.
- **Rosemary essential oil** - it is a strong stimulant, an excellent tonic and pain relieving remedy. It increases the ability of concentration, relieves the muscular and vertebral column pains.
- **Lemon essential oil** - it possesses a tonic, refreshing, stimulating and soothing effect, relives the physical and nervous tension.
